2. Since the students do not have any other easy access to the city libraries, they are solely dependent on the college library, which in turn gives scope to the college library to enhance and broaden its scope and collection. On the other hand the system of seminar libraries enriches student-teacher relationship through discussions about different books.
1. Being a college of the rural area students lack in outer broader world exposure which is a low point towards their total development.
2. The college being located in the rural areas, most of the students are first generation of learners so the awareness for the need of higher education is low and the dropout rate is high.

8. Plans of institution for next year

1. DPR (Detailed Project Report) of G + 7 has been conceptualised and prepared by KMDA (Kolkata Municipal Development Authority) and the institution has several hi-tech visions of betterment of the teaching – learning outcomes, once this is completed.
